Editorial procedure:

Originally notated in the following clefs:

Original pitch, note-values, mensuration sign and tempo marking retained. Cue-size accidentals are editorial.

Realization of the figured Organ bass should be regarded as a template which mirrors the majority of the vocal counterpoint, with embellishment kept to a minimum. Raising the final third was considered standard practice at this time.

Translation:

I am weary in my groaning; every night wash I my bed: and water my couch with tears.

Ps. 6: 7
