## Translation

Alleluia. Alleluia. The powers of heaven worship thee, O Virgin Mary, as they look upon thine only-begotten at the right hand of God the Father in power and great majesty. Alleluia.

## Liturgical Function

Alleluia for the Lady Mass *Salve sancta parens* on Wednesdays from the Purification of the BVM (2 February) to the day before Septuagesima and from Easter Day to the day before Advent. Also sung, with a different verse, at Mass on the second Sunday in Advent. Sheppard's setting, however, is undoubtedly for votive use. Sheppard may well have written a complete cycle of Alleluias for the Lady Mass *Salve sancta parens*, of which this and three companion settings in the same source are the only survivors.

## Editorial Conventions

The nomenclature of the voice-parts follows the Tudor convention.

The original clef, staff signature and first note of each part are shown on the prefatory staves. No mensuration symbols are given, but  $\Phi$  is assumed.

The dotted accidental in bar 3 is not present in the source but is implied by the original staff signature.

Ligatures are denoted by the sign  $\overline{\quad}$ .

Spelling of the text has been modernised.
